

*A four-stage model for the development of technology-enhanced practice*

# DigiLearn Practitioner

## DigiPath

- I. Complete 1/6 digital pathways

## DigiLearn Community

- I. Recognised contribution

## Microsoft Surface technology

- I. Attend an introductory workshop

## Microsoft Educator Community (MEC)

- I. Achieve Microsoft Innovative Educator (MIE) status

- Identify where you have adopted a technology-enabled approach in any three of the following areas:

- Assessment and feedback
  - Resources and content
- Communication and collaboration
  - Research and development
  - Strategy and leadership

# DigiLearn Advocate

*Prerequisite: Practitioner status*

## DigiPath

- II. Complete 3/6 digital pathways

## DigiLearn Community

- II. Support and respond to colleagues

## Microsoft Surface technology

- II. Evidence where using your device has positively impacted practice

## Microsoft Educator Community (MEC)

- II. Achieve Microsoft Innovative Educator Expert (MIEE) status

- Write a guest post for the UCLan Technology Enabled Learning and Teaching (TELT) blog
  - Write a detailed case study around a digitally-inspired, inclusive approach to **learning, teaching, research** or **leadership**
- Present a digitally-inspired approach to **L T R** or **L**, at an internal event (course, **School, Faculty** or **University** level)
- Evidence where you have supported a colleague through successful achievement of their *DigiLearn* Practitioner status
- Upload a short video to the *DigiLearn* Flipgrid space - offering your support to colleagues

# DigiLearn Champion

*Prerequisite: Advocate status*

## DigiPath

- III. Complete 6/6 digital pathways

## DigiLearn Community

- III. Share technology-enabled practice

## Microsoft Surface technology

- III. Evidence how you are supporting colleagues in the use of their device

## Microsoft Educator Community (MEC)

- III. Share your MIEE submission link with the *DigiLearn* community

- Evidence how you are supporting colleagues in the adoption of innovative digital approaches to **L T R** or **L**
- Co-ordinate an event, activity or initiative at **S F** or **U** level, to share and promote technology-enabled practice **OR** feature in a TELT video case study
- **External** presentation or written piece around a digitally-inspired approach to **L T R** or **L**
- Evidence where you have mentored a colleague to support their transition from *DigiLearn* Practitioner to Advocate
- Reflecting upon your overall journey, how has *DigiLearn* positively advanced: inclusive teaching practice, the student experience, and your own professional development

# DigiLearn
